

A Resolution to Encourage the Privatization of Infrastructure

WHEREAS, The quality of infrastructure in the United States is deteriorating;

and,

WHEREAS, Infrastructure plays a critical role in the overall health of the United States;

and,

WHEREAS, Privatization has been proven effective in other similar outlets;

and,

WHEREAS, Allowing the government to have some intervention would prevent

monopolies in the infrastructure industry;

and,

WHEREAS, Improving our infrastructure improves other parts of our country as well;

now, therefore be it,

RESOLVED, The Congress here assembled make the recommendation that the United

States begin exploring the privatization of infrastructure.

Respectively Submitted,
