

# A Bill to Rework The Sex Education System In Minnesota Schools

Rep. Victoria Overvold  
Champlin Park High School

1. BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:
2. **Section 1.** The Sex Education system in Minnesota Schools is both lacking in depth of the topics at hands and does not expand to the newly forming social norms, and example being LGBTQA.
3. **Section 2.** There should be effort to rewrite the curriculum for students, modeling Kathleen Wynne's program:
  - i. Grade Two: Students will learn how to identify body parts, including genitalia
  - ii. Grade Four: Students will learn about healthy relationship standards, along with acceptance of anyone regardless of family status, family unit, gender, sex, or sexual orientation
  - iii. Grade Five: Students will learn about proper protection and respect over the internet, EI. Not distributing sexual photographics, using respectful language and refraining from using homophobic or transphobic slurs
  - iv. Grade Six: Students will learn about the reproductive systems and ways to prevent bullying for sexual orientation and gender identity.
  - v. Grade Seven: Students will have stereotypes broken down, informed that they do not have to fit into them to be validated. They will also be taught about the concept of consent.
  - vi. Grade Eight: Students will be taught proper safe sex practises and sexually transmitted disease
  - vii. Grade Nine: Students will be taught about the concept of gender identify
4. **Section 3.**
5. *Introduced by Champlin Park High School*
